[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2000 - 2004.

The agency is consistently evaluating itself to improve our performance and services provided to our clients. Our hard efforts to achieve the goals originally set in the previous 5-Year Plan have paid off for the agency at various times throughout the years. What we experience is what seems to be the impossibility of consistency in maintaining the scores/ratings and goals we set for ourselves as there continues to be changes in funding, policies and several other situations that are out of our control that hinder our progress. However, we have made significant progress in improving our services and program

administration and we remain steadfast at improving on the following goals that were established approximately five years ago:

Goal One: Manage the Charles City Housing and Redevelopment Authority's housing programs in an efficient and effective manner.

Objectives:

1. The Charles City Housing and Redevelopment Authority shall make our public housing units more marketable to the community which will be evidenced in an increase of the waiting list to reflect a six-month wait by June 30, 2001. *We have achieved our goal for two of the three public housing properties and we believe it is due in large part to the availability of the Capital Fund Program allowing us to make needed repairs and improvements. The family public housing property has become more of a "transitional" housing property for those seeking out a short term waiting period for the Section 8 HCV program. We find it difficult to keep units continually leased because as soon as a (family) resident reaches the top of the Section 8 HCV program waiting list, they are either moving within Charles City or porting out. The other two public housing properties are designated elderly, handicapped or disabled and we do not experience the difficulty of maintaining a sufficient waiting list other than the two-bedroom units. Our goal for the future will continue to be achieving a good solid based list so vacated units can quickly be leased to avoid long delays that result in lost revenues and a family in need not securing the safe, decent and affordable housing as quickly as possible.*
2. The Charles City Housing and Redevelopment Authority shall continue to be recognized as a high performer for administration of the public housing program and evidenced by the Public Housing Management Assessment Program (PHMAP). Furthermore, the Charles City Housing and Redevelopment Authority shall become recognized as a high performer for administration of the Section 8 program as identified by the Section 8 Management Assessment Program (SEMAP) by June 30, 2002. *This agency achieved its goals until the 2004 FYE when a couple of issues were addressed that lowered our score to Standard on the Section 8 HCV program. Those issues have been addressed and we anticipate recognition as a High Performer once again.*
3. The Charles City Housing and Redevelopment Authority shall promote a motivated work environment with a capable and efficient team of employees to operate as a customer-friendly and fiscally prudent leaders in the affordable housing industry as evidenced by a passing score on the Resident Service and Satisfaction Indicator of the Public Housing Assessment System by June 30, 2003. *Our RASS scores verify that staff is dedicated to providing quality housing and services to our residents. We continue to search annually for ways to improve our scores and out perform ourselves which ultimately will result in our clients being served better.*

Goal Two: Enhance the marketability and image of the Charles City Housing and Redevelopment Authority's public housing and Section 8 program.

Objectives:

1. The Charles City Housing and Redevelopment Authority's Director shall speak to at least four civic, religious or human service agencies to explain how important they are to the community by June 30, 2001. *The Director always remains open to invitations to organizations seeking a spokesperson to share information and educate the general public. Additionally, open lines of communication with social service agencies, religious organizations, etc. permits for sharing of information continuously either orally or in written format.*
2. The Charles City Housing and Redevelopment Authority shall expand outreach efforts to participants, service agencies, and property owners in an effort to stabilize families as evidenced by a decrease in our voucher turnover rate by June 30, 2001. *The agency has determined that it is not in the best interest of Section 8 HCV participants to "stabilize" them on the program to reduce voucher turnover, however, the emphasis has been on self-sufficiency and encouraging participants to "move on" or to be able to afford to pay the rent without further assistance from us. In the last 4.5 years, there have been at least 85 families who have gone off the Section 8 HCV program as a result of income increases resulting in no HAP payments on their behalf and at least 9 of them have purchased homes. We believe this to be extremely positive. Although a lower voucher turnover is better for our lease up rates and future funding, it is not necessarily what is best for the clients. We will continue our outreach efforts to get to those families who are in need of assistance and may not be aware they might be eligible for help.*

Our outreach efforts to attract new landlords and provide a wider housing selection for participants has resulted in at least 19 new landlords willing to list available units with our agency for referrals. Considering the size of our community and the number of landlords who own several rental properties, we believe these outreach efforts to be extremely successful.

3. The Charles City Housing and Redevelopment Authority shall achieve and sustain a utilization rate of 98% in its tenant-based program by June 30, 2002. *During a variety of times we have been able to sustain a 98% lease up, however, as stated in Goal 1. Objective 1., we have experienced great difficulty in maintaining full lease up of the family public housing property. The difficulty in keeping the units occupied and the recent problems we are encountering has made it difficult to lease to families willing to stay at the property. The two elderly, handicapped/disabled sites easily average 98-100% lease up. The agency will continue to make adjustments and offer incentives to increase the overall program utilization.*

4. The Charles City Housing and Redevelopment Authority shall fully utilize all available capital improvement funds to modernize and enhance the public housing developments to ensure viability and desired housing units. This will be evidenced annually in reporting requirements. *The agency has been extremely successful in administration of the capital improvement funds and we continue to make improvements that affect the quality of life we provide for our clients.*

Goal Three: Maintain the Charles City Housing and Redevelopment Authority's developments in a safe and decent living environment.

Objectives:

1. The Charles City Housing and Redevelopment Authority shall create and implement a formal preventative maintenance plan by June 30, 2001. *The agency has developed a maintenance preventative plan and reviews it continuously for changes and improvements.*
2. The Charles City Housing and Redevelopment Authority shall continue to perform annual inspections to meet HUD's requirements and shall be evidenced by a passing score as a result of HUD's own contracted inspections by June 30, 2003. *Every unit continues to be inspected at least one time annually and maintenance is performed as requested by residents and staff observations throughout the normal work routine.*

Goal Four: Create other housing options for low-income residents for home ownership or rehabilitation funds for homeowners.

Objectives:

1. The Charles City Housing and Redevelopment Authority will explore ways to provide funding options to qualified applicants to purchase a home by June 30, 2004. This shall be evidenced by records maintained and successful home acquisitions. *This goal has not yet been achieved nor forgotten. However, with time limitations on staff and continual budget reductions, this has not been priority matter for us at this time. We are hopeful to begin looking into options that could be available to make this goal a reality.*
2. The Charles City Housing and Redevelopment Authority will explore ways to provide funding options to qualified homeowners to complete rehabilitation to their homes to bring them to meet local building, electrical and plumbing codes by June 30, 2004. This shall be evidenced by records maintained. *This agency completed a very successful rehabilitation program and we have another application submitted and awaiting notification of award.*
